

7th June 2018

To Maple Class Parents / Carers

Dear Parents / Carers

Maple Class Summer Term 6

Well done for all the hard work in term 5. We are now nearing the end of the year and term 6 will be very busy.

Our creative curriculum theme is 'Olympics'. Our work during this term will be linked to this theme.

During our Literacy lessons we will be reading, looking at and discussing poems, scary, adventure and realistic stories. They will be developing their planning skills as well as some persuasive writing.

During Maths this term we will be working on measurement, time and continuing on to number work, multiplication and division. The children will solve problems involving counting, adding, subtracting, doubling or halving in the context of numbers, measures or money, for example to 'pay' and 'give change'. Towards the end of the term the children will be consolidation their learning from throughout the year.

Maple class is focusing on magnets, forces and investigations in Science. Children will discuss investigations and will testing their hypothesis.

Please feel free to discuss any concerns you have.

Thank you for your continued support.

Yours sincerely

Miss Jones, Mrs MacLaurin and Mrs Groves
